Refunds: Any entry which is determined to be outdated (invalid), or does not fit the above definition of class of investors which typically invests in real estate will result in a pro-rated refund for twice your money for that entry, or those entries. This is our commitment to delivering a highly valuable product to you and is limited to the price of your initial purchase.

Use: Each version and single Excel based Real Estate Investor directory spreadsheet has been invisibly marked, protected, and is copyrighted material. Any duplication, extraction, or use in commercial ventures is strictly prohibited. That said, this database is provided within Excel format and the time length term of use is unlimited, this database does not expire and access to these details within Excel are never blocked after any length of time. This database may NOT be used for any type of direct investment purposes and it is not a form of recommendation or confirmed research or valid business practices of these investor firms included within the resource.

By purchasing a Real Estate Investor Directory Package you are agreeing to the use terms, refund agreements, and policies noted above.
